Choosing QAT

Queensland Academy of Technology has a strong international profile, with a proven reputation for creating careers and pathways to further education. Today, the Queensland Academy of Technology is a provider of quality education and training, recognised by the Australian Standard Qualification Authority (ASQA), and continues to deliver success to both students, and to the community. With over 10 years of experience, QAT continues to provide quality courses to students Australia-wide.

Qualification Description

This qualification is suited to a range of individuals who use well developed administrative skills and a broad knowledge base in a wide variety of administrative contexts. They apply solutions to a defined range of unpredictable problems, and analyse information from a variety of sources.

Course Description

This course is the starting point for your career in the world of business. This program gives you the essential knowledge and skills for the day to day tasks required of entry level employees in the business sector. You will learn the basics of Microsoft office, customer service and workplace health and safety, as well the communication and organisational skills needed to work effectively in your current or future role.

Further Study Opportunities

Completion of this nationally-recognised course offers graduates the chance to develop their skills further as a General Manager or Office Administrator with a QAT Diploma of Business Administration.

Graduates can also choose to immediately commence their careers as an Admin Assistant or Data Entry Operator in an office environment.
