Today, the Queensland Academy of Technology is a provider of quality education and training, recognised by the Australian Standard Qualification Authority (ASQA). With over 10 years of experience, QAT continues to achieve success and provide quality courses to students Australia-wide.

Course Description

This qualification reflects the role of individuals who are engaged to manage the work of others or to add value to or review management practices. The qualification requires a sound theoretical knowledge base and managerial competencies to plan, carry out and evaluate own work or the work of a team.

Career Outcomes

This qualification reflects the role of individuals who apply knowledge, practical skills and experience in leadership and management across a range of enterprise and industry contexts.

Individuals at this level display initiative and judgement in planning, organising, implementing and monitoring their own workload and the workload of others. They use communication skills to support individuals and teams to meet organisational or enterprise requirements.

They plan, design, apply and evaluate solutions to unpredictable problems, and identify, analyse and synthesise information form a variety of sources.

Further Study Opportunities

Completion of this nationally-recognised course offers graduates the chance to develop their skills further as a Account Manager or Operation Manager with a QAT Advanced Diploma of Management.
